Hi,

I have CC'd ADA Finigan in this email.

I am currently on vacation out of the country and I will return on September 12th, 2011.

Unfortunately, my schedule is quite chaotic for the next few weeks with other court obligations, including Edgartown District in Martha's Vineyard.

Upon my return to the lab, I can attempt to explain the general lab process to you via email. I am not sure if that will help you with your case.

Thank you in advance for your patience.

Thanks  
Annie

Hi, my name is Asha White and I represent a defendant named [REDACTED] in Norfolk Superior Court. According to the discovery I have received from the commonwealth, you were the chemist that tested the substances that form the basis of the complaint against [REDACTED] (I attached two documents so you can track down the case I am speaking of). I am writing to see if there is any possibility that I could have a meeting with you in order to be better prepared for the upcoming trial. The weights and results of the testing of the substances are a very important issue in this case, so I was hoping I could speak with you in order to familiarize myself with the process. Please email or call me at your earliest convenience.
